Chest	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62	64	66	68
Waist	28	30	32	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62
Hip (Seat)	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62	64	66	68

**NOTE:** If your measurement falls between sizes, buy the larger size.

## HOW TO MEASURE

### Chest:

Measure just under arms and across shoulder blades holding the tape firm and level. If your chest falls between sizes, order the next size up.

### Natural Waist:

Bend side to side and find the natural bend in your body; this is your natural waist. Note: It may not be the smallest point.

### Hip/Seat:

Measure the fullest point between your natural waist and crotch.

### Inseam:

Measure from your crotch to the desired length on body. You may also measure pants that you currently own and like. Lay the garment flat and smooth out. Measure on the front from the crotch point along the seam to the hem for the inseam length.

**For best results, measure over your undergarments.**
