

2025 Catalog

HEROES AREN'T BORN, THEY'RE MADE.

SINCE 1988, Rasco has been making workwear to protect and clothe the everyday heroes that build our world and keep it running safely. This year, Rasco is excited to introduce newer, improved versions of our core stock—designed to exceed your expectations in comfort, protection, and style.

At Rasco, our mission has always been clear: to innovate and provide Premium Quality FR apparel that meets the highest safety standards, and is affordable.

Rasco partners with the world's leading technical fabric companies to create flame resistant garments that are specially designed to protect workers from electric arc flashes and flash fire hazards.

HOW TO MEASURE RASCO GARMENTS

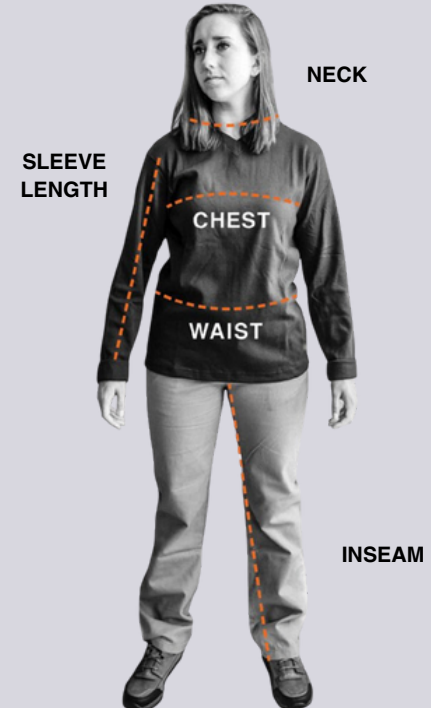

Neck: Measure neck circumference at a point just below the Adam's Apple. Round the neck measurement up to nearest ½ inch.

Chest: Measure just under arms and across shoulder blades. If your chest falls between sizes, order the next size up.

Sleeve Length: Measure from the center back of your neck to the end of your shoulder. Measure from your shoulder to just past your wrist bone to where you would like your shirt cuff to sit.

Waist: Measure around your waistline, keeping the tape comfortably loose.

Inseam: Measure pants that fit you well. Lay them flat, with the front and back creased smooth. Measure along the inseam from crotch to bottom of leg hem.

Check out our sizing guides at: www.rasco.com/sizing

CUSTOMIZATION & EMBROIDERY

Through our customization department based in Baton Rouge, LA, Rasco can create uniforms and apparel to suit your needs. This includes the modification of style, color, and sizing. Prices vary according to the design and the number of garments ordered.

Some of the most common customization options for Rasco clothing includes adding embroidery, patches and reflective trim.

Contact our customer service team at: (225) 273-3163 to learn more about customization & embroidery.
