AUTOMOTIVE FEATURES

SAFE-SEAM

This innovative safety technology allows the stitching along the seat cover's side seams to easily separate and allow the side airbag to deploy in the event of an accident.

TWO-PIECE

Seat cover is designed with individual covers for the headrest, and seat. Combined with our Four-Corner-Fit™ system, this design provides an amazing, custom-like fit for almost any automotive bucket seat, at a fraction of the price.

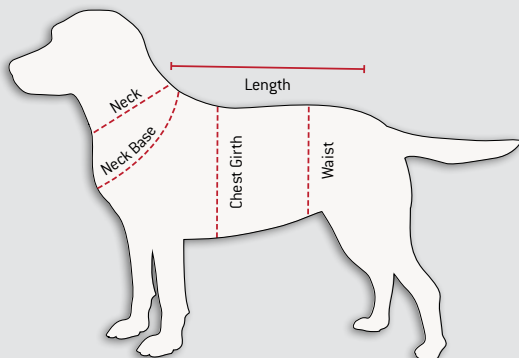

FOUR-CORNER-FIT™

This innovative system eliminates the shifting and sliding that happens with most seat covers. Patented on bench seat covers.

BUILT-IN ACCESS

Designed to allow you to use the most common built-in features of your vehicle, such as; arm rests, cup holders, built in seat pockets, and seat belts.

HOW TO MEASURE

Chest Girth:

Measure behind front legs and across broadest part of the chest. Hold the tape firm and level. If the measurement falls between sizes, opt for the next size up.

Neck Base:

Measure at the base of the neck. Note: Do not measure too high on the neck as it may result in a smaller than optimal measurement.

Neck:

Measure halfway between the base of the neck and the head. Note: Do not measure too high on the neck as it may result in a smaller than optimal measurement.
